Ruler

Mercury: How We
Need to Learn &
Communicate

Symbol The Twins

One of the four
"double-bodied" signs

Twin Pillars of Thought &
Speech - Polarity fosters
Curiosity

Archetypes:

The Messenger
The Student
The Trickster
The Reporter
The Mimic
The Sibling

Evolutionary Goal

To develop the mind as a tool for
awareness, not distraction.

Gemini's growth comes through curious
observation, open communication, and
learning to explore diversity without
becoming fragmented.

Body Parts:

Lungs, Hands & Arms,
Shoulders, Nervous System
(Connected to Breath &
Communication)

Through the Houses:
What we need to learn!

2nd House Association:

Communications, Early Learning,
Siblings, Neighborhood

Gemini's Gift:

The ability to see multiple perspectives
A quick mind that loves to learn & share
Wit, humor, & clever communication

A natural connector - bringing people, ideas, & information together
Curious, adaptable, always ready for something new
Brings lightness & movement to life through words & thought

I honor the magic

of thought & the power of words to

lighten, to connect, & to create

Change

Gemini Season:

A time to learn, connect, stay curious
Take short trips, meet new people, conversate!
Use the mental energy to read, write, share ideas
Stay adaptable - plans shift quickly
Be aware of scattered focus or overstimulation
Ask lots of questions! Keep things light & playful!
